Weighted Caseload Study Site

<http://texaswcl.tamu.edu/>

The screenshot shows a web browser window with two tabs: "Texas Indigent Defense Co..." and "Texas Weighted Case Load...". The address bar displays "texaswcl.tamu.edu". The page header features logos for TIDC (Texas Indigent Defense Commission), the State Bar of Texas, the Texas Criminal Defense Lawyers Association, and the Liberal Arts Texas A&M University Public Policy Research Institute. A navigation menu includes links for Home, Legislation, Study Overview, Participant Information, Reports and Resources, and Contact Us.

The main content area is split into two columns. The left column has a dark background with the text "Minor Crimes, Massive Waste" and a quote from the National Association of Criminal Defense Lawyers: "Too often, counsel is unable to spend sufficient time on each of their cases. This forces even the most competent and dedicated attorneys to run afoul of their professional duties." Below the quote is a "READ MORE" button. The right column features a blue background with an image of a wire mesh trash can overflowing with crumpled US dollar bills. To the right of the trash can is the logo for the National Association of Criminal Defense Lawyers (NACDL), which includes a scale of justice and the year 1958.

Below the main content area, a white section contains the text: "Welcome to the Texas Indigent Defense Commission's Weighted Caseload Study Homepage!". This is followed by a paragraph: "Texas conducting a Weighted Caseload Study to provide policymakers with real data on the time required to represent court-appointed cases. If you would like to catch up on the latest developments of the study, please browse the Newsletter Archive." To the right of this paragraph is a dark blue button labeled "NEWSLETTERS".

The bottom section of the page contains the text: "Your participation is crucial! We hope you will join us in improving criminal defense policy in Texas and making sure that justice is served."

Texas Indigent Defense Commission Attorney Reporting Form

Under Article 26.04(j)(4), Code of Criminal Procedure, attorneys are required to report the percentage of their practice time devoted to appointed criminal and juvenile offender cases under Article 26.04, Code of Criminal Procedure, and Title 3, Family Code, in each county.

The statement submitted to each county must describe (1) the percentage of an attorney's total practice time (time spent in legal practice in all jurisdictions) that was dedicated to work on trial and appeal appointments in adult criminal cases in that county's district and county courts during the fiscal year beginning on the preceding October 1; and (2) the percentage of an attorney's total practice time that was dedicated to work on trial and appeal appointments in juvenile delinquency cases (cases alleging delinquent conduct or conduct indicating a need for supervision) in that county's district and county courts during the fiscal year beginning on the preceding October 1.

The percentages reported in the practice-time statement submitted to each county should not include time dedicated to work on appointments to cases (such as CPS cases and guardianship cases) that are not adult criminal or juvenile delinquency cases, and should not include time dedicated to federal criminal appointments.

There is also an optional Attorney Practice Time [Worksheet](#) available to assist you in calculating these percentage figures. It provides a tool to help you consider all of the types of cases you handle when calculating the percentage of time spent on criminal and juvenile appointed work.

Findings from G/L support

- Case Count Errors

One example of an error found was in regards to the District Court invoices. An attorney had a portion of his invoices paid to a second vendor and the reviewer found that the case count for the invoice was added to both the attorney voucher line and the second vendor line doubling the case count for that invoice. Another voucher was split to two vendors and then neither line item had the case count added to it. In regards to the County Court invoices, the reviewer noted one invoice that listed four cause numbers yet the count only indicated one case closed. Another line item described the cause number as various cases yet the count listed only one case.

Findings from G/L support

- Case Count Errors (Cont'd)

Upon further review of the case count data it was noted that case counts were added for Expert witness, investigator and other expenses invoices. The IDER manual state that the report should “use cases paid as reported on attorney fee voucher“ for the case count. Per the data provided the attorney fee vouchers indicated that [REDACTED] cases were paid. The reviewer noted that a process to eliminate cases for multiple checks dispersed was initiated. However, if the description of the case number was “()Various” with number of cases in parenthesis any duplication was not eliminated. This duplication appeared to happen as invoices with the same description were entered with multiple lines for various time periods the invoices covered.

Texas Administrative Code
TITLE 1 ADMINISTRATION
PART 8 TEXAS JUDICIAL COUNCIL
CHAPTER 174 INDIGENT DEFENSE POLICIES AND STANDARDS
SUBCHAPTER B CONTRACT DEFENDER PROGRAM REQUIREMENTS
DIVISION 1 DEFINITIONS
RULE §174.10 Subchapter Definitions

The following words and terms when used in this subchapter shall have the following meanings, unless the context clearly indicates otherwise.

(1) Appointing Authority. The appointing authority is the:

(A) Judge or judges who have authority to establish an indigent defense plan and approve attorneys to represent indigent defendants in criminal cases under Article 26.04, Code of Criminal Procedure; and/or

(B) Juvenile board that has authority to establish an indigent defense plan and approve attorneys to represent indigent respondents in juvenile cases under §51.102, Family Code.

(2) Contract Defender Program. Contract defender program means a system under which private attorneys, acting as independent contractors and compensated with public funds, are engaged to provide legal representation and services to a group of unspecified indigent defendants who appear before a particular court or group of courts.

(3) Contracting Authority. The contracting authority is the entity that has the authority to conclude a contract and to obligate funds for the provision of indigent defense services.

(4) Contractor. The contractor is an attorney, law firm, professional association, lawyer's association, law school, bar association, non-profit organization or other entity that can be bound by contract.

(5) Itemized Fee Voucher. An itemized fee voucher is any instrument, such as an invoice, that details services provided by a contractor providing indigent defense services. The itemized fee voucher may be in paper or electronic form. It shall include at a minimum all the information necessary for the county auditor or other designated official to complete the expenditure report required to be submitted to the Office of Court Administration by §71.0351, Government Code.

Minimum Required Itemization per IDER Instruction Manual

Under Article 26.05(c) of the Code of Criminal Procedure, “...*No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings or, if the county operates a managed assigned counsel program under Article 26.047, to the director of the program, and until the judge or director, as applicable approves the payment.* The information reported must be consistent with the fee schedule adopted by the courts for each level of case. Invoices approved by a judge or director must include at a minimum: 1) the payee; 2) the service(s) provided which must include the case(s) level by type; 3) the date(s); and 4) the amount. Public defenders do not use invoices. The only way that a fiscal officer will be able to reconcile courts, attorneys, and amounts or to establish veracity of the IDER is to list the cause numbers of the cases disposed for a specific defendant for any of the following systems:

Examples of Invoice Findings

County utilizes a streamlined form that consolidates the Request for Counsel, the Order Appointing Counsel and the Attorney Request for Payment (itemized invoice) even though these events happen at different times. The County made payments to attorneys that had not submitted an itemized invoice prior to the presiding judge receiving it for review. Attorneys are not completing the amount to be paid as evidenced by blank request amounts on the form. Attorneys do not always sign the form before it is presented to the presiding judge. This is evidenced by the judge signing on the line designated for the attorney. According to Article 26.05 of the Code of Criminal Procedure, “No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings....”

Examples of Invoice Findings

During the review period the attorney fee schedule changed and the auditor's office made corrections to the attorney fee vouchers to support the fee schedule in place on the date of service reported by the attorney's. As these invoices were changed to support the fee schedule in effect there was no evidence that the corrected amount was approved by the presiding judge and no written explanation by the judge as statutorily required.
